COMMENTS OR SPECIAL INSTRUCTIONS: This amended water level order is locally very controversial. There will be numerous parties, and potentially as many as 5 – 7 lawyers involved. A pre-hearing conference to establish the parties, the timetable and the process would be advisable. Dates that are currently available for the pre-hearing conference for M. Cain and Buck Sweeney include: Sept. 29,29; October 4,6,10,11,12,24 and 25. We have solicited but not received dates from Bill O'Connor and Art Harrington. We have not solicited dates from the other attorneys on the list, including County Corp. Counsels.
